ACTIVITIES & ATTRACTIONS

Visit Hawke's Bay's museum, home of the region's taonga and other treasures.

Explore the artefacts in the Taonga Māori Gallery and discover the remarkable story of the region's recovery following the devastating earthquake of 1931. The museum also showcases changing exhibitions of art, culture and social history, while our stylish Century Theatre features film, live theatre, music and more.

There's always something interesting happening at MTG, including curator talks and walks, interactive activities for children, a family-friendly Drop-In-Zone during weekends, school holiday programmes, 'behind the scenes' tours and a museum shop that sells a quality range of gifts, cards, books and mementos.

With so much to see and do every day, the museum is a must-do experience for everybody!

Go online to find out about upcoming events and current exhibitions. Visit our website, follow us on Facebook or check us out on Instagram.

Visit MTG – it's free!
